

JUNE NEWSLETTERS

5th of June

Good afternoon Everyone,

We are coming to a wonderful new week together and hope to find you super energetic in facing it 😊

As many of you may know, June is Pride Month during which we commemorate the **LGBT+ community** and the hardships they have gone against during previous years. The month of June is no coincidence; in fact, the story begins in June 1969 when violent riots broke out in New York City's Greenwich Village in Lower Manhattan following yet another police raid on a bar frequented by homosexuals and transgender people, the Stonewall Inn. As a result, the rebellion gave strength to the LGBT movement, which began to gain greater visibility at a social and political level from then on, claiming and often gaining greater rights and respect.

Then, welcome all to PRIDE MONTH 🌈

To celebrate this magnificent and very important event, many cities engage in events related to the LGBT+ community and its history. In particular, from June 10th in Padua the Pride Village will begin, with parties, theatrical, musical and even artistic events. From tomorrow on the [official website](#) of the event you will have the whole program but if you want some spoilers I recommend reading the following [article](#) 😊

Good evening to all dear ones,

We know that for many of you, summer is getting more and more intense, but for many others, work rhythms are increasing in a BIG way. In between off-campus trips in London and Paris as you can see from the pictures in which they have visited two big companies like Ubisoft and Gameloft as an educational outing

our dear Big Rock students are heading into what is the toughest time of their schooling but perhaps also the most fun and **unifying**... remember that when you tell to people about your experience these will be the best moments to give importance to because they are simply the moments when you are challenging yourself and unknowingly growing professionally 💪

Good luck to everyone for your thesis and your final exams, we are here to support you morally as well because we value your future 🚀

Precisely because we care a lot about your future, I make a small preamble to what was the last **Lunch Connect** with the legendary **Andrea Vidotti** - sports manager and procurer of many famous athletes such as Alberto Tomba, Sofia Goggia, Alessandro Del Piero. A man who followed his greatest passion and made a job out of it, a man who knows how to express his passion to all those around him, and for people like **Simone, Giovanni, Alessio and Alessandro** it was a very valuable experience 🤩 Thank you all for participating and for welcoming Andrea to our Campus and making him feel at home. Thank you also especially to H-RADIO WOW for getting involved in interviewing this great person in the world of sports. These are important relationships that can lead to great changes in the future!

Dear **H-SPORTS Club**, we look forward to helping you and participating in your fantastic initiatives!
