

MARCH NEWSLETTER

27th of March

I hope this week has gone great for you 🍷

It's been wonderful for us, as well as the start of the first warm spring days, we launched our first **Lunch Connect** episode with **Riccardo Donadon**. It was a success for both parties, for the students who had the opportunity to share their experiences and thoughts with our beloved founder, and for Riccardo who was able to enrich their wealth of knowledge with advice and concrete examples.

Fear not, many more Lunch Connect episodes are coming in the next few days. This week we have two great guests as **Francesca Gatti**, a skilled Commercial and Corporate Lawyer and **Paolo Denti**, an expert in AI and robotics industry who will meet 8 of our H-FARM College students.
